

GTJ 1245	
Product Category	Digital printing media
Kind of product	inkjet
Description	GTJ 12/45 is a flexible, 6 mil calendared vinyl with a permanent acrylic adhesive and a durable matt coating. The permanent acrylic adhesive provides a strong, long-term bond for most indoor applications. The durable matte coating provides universal compatibility on the most common aqueous inkjet printers.

	Unit of Measure	Medium Value	Methods – notes
Total Caliper	mil	11	
Vinyl Caliper	mil	6	
Liner Caliper	mil	5	
Basis Weight	g/m ²	290±5	DIN53352 BS3424 Metodo5A
Opacity	%	>99	
Whiteness		116	
Thickness Total	µm	275±5	DIN EN ISO 2286-3
Standard heights	mm	1067 1370	/
Standard length	m	30	/
Properties	<ul style="list-style-type: none"> - Flexible caledered PVC base - Permanent / Water-based adhesive - Waterfast / Outdoor durable - Excellent lamination properties - Great for smooth surfaces 		
Applications	<ul style="list-style-type: none"> - Print adhesive vinyl on aqueous printer for indoor use - Retail wall graphics, cut vinyl 		
Term of use/ storage	<ul style="list-style-type: none"> -Drying time: It depends on the amount of solvent applied; in a "roll-to-roll " process, let the print dry by keeping the film unrolled as long as possible. - Temperature: Please note that a too high temperature may cause a deformation of the sheet, and then defects during the proceeding. - It is recommended to keep the product in its original packaging. 		
Ink compatibility	Dye- based, Eco-solvent, Solvent, UV, Latex
